TASKI baby bora

Compact mains powered tub vacuum cleaner

TASKI baby bora brings you:

- Power & Efficiency
- Improved Air Quality
- Quiet Operation
- A number of little extras

Power and Efficiency
The powerful and efficient vacuum motor and it's compact size makes operation very efficient. The accessories which come with the machine guarantee excellent results on all types of floor. A large number of additionally available accessories allow a versatile use of the machine.

Improved Air Quality
Utilises industry leading four-stage filtration system consisting of; double-filter paper dust bag, filter cloth and permanent filter. This results in a significantly improved air quality during and after vacuum operation.

Quiet Operation
The low sound level of 60 dB(A) allows operation with minimum disturbance to others.

A number of little extras
The machine is equipped with a flexible hood to prevent damage to furniture, a vacuum motor protection valve to protect motor from overheating as well as 5 swivelling castor wheels for stability and excellent manoeuvrability.
